INFORMATION ON THE USE OF COOKIES

Pursuant to the existing legislation on the protection of personal data ("**Privacy Legislation**"), including EU Regulation 2016/679 ("**GDPR**") and the measures of the Italian Personal Data Protection Authority ("**Privacy Protection Authority**"), Reno de Medici S.p.A., as data controller ("**RDM**" or "**Data Controller**") provides users (hereinafter the "**Users**" or in the singular, the "**Users**") the following information relating to cookies installed on the domainwww.rdmgroup.com (the "**Website**") and its subdomains that can be accessed via the Website.

What are cookies

Cookies are text and number files that are installed, whilst browsing a website, in the memory of the device (PC, smartphone or tablet) connected to the Internet via the browser application installed therein. These files allow information on browsing performed by the User on the Website to be gathered, in order to ensure the operation of the site and to improve the User's browsing experience.

Cookies can be stored permanently on the User's device (so-called "persistent cookies"), until the predetermined expiry (minutes, days, years), or they can be deleted automatically when closing the browser (so-called "session cookies").

Cookies can also be installed by the Website visited by the User (so-called "first-party cookies"), or they can be installed by other websites (so-called "third-party cookies").

Types of cookies used and related purposes

- **Technical cookies**

These cookies are used to ensure and facilitate activities strictly necessary for the operation of the Website, for the normal browsing on the same and to allow the related functions (such as, for example, saving the session, browsing preferences, recalling certain criteria selected such as language, managing the distribution of traffic, etc.) and to collect some information in aggregate form (anonymous) on Users.

The Website uses first-party technical cookies.

- **Analytical cookies**

These cookies are used to collect information on the use of the Website by Users (number of visitors, pages viewed, time spent on the Website, etc.).

The Website uses first-party and third-party analytical cookies.

- **Profiling cookies**

These cookies are required to create User profiles in order to carry out actions in line with the preferences expressed by the User within the pages of the Website.

The Website uses first- and third-party profiling cookies

- **Profiling cookies - Social Media**

These third-party cookies allow Users to interact with social networks (Facebook, Twitter, YouTube, Vimeo, etc.) and, in particular, to share the contents of the Website through said channels.

The Website does not use profiling cookies that allow interaction with social networks.

- **Profiling cookies - Advertising**

These third-party cookies allow to data and interests of visitors to be collected, in order to build, for each of them, a profile to be used for marketing purposes. In this way, Users will be able to receive personalised ads targeted on the basis of their interests.

The Website does not use profiling cookies that allow the User to be profiled for marketing purposes.

Communication and Dissemination of data

Data collected using cookies may be processed by our employees and collaborators as individuals authorised for processing pursuant to the Privacy Legislation.

Such data may also be processed by companies of our confidence that carry out, on behalf of RDM, technical and organisational tasks. These companies are our direct collaborators and operate under special deed of appointment as data processors.

The list of all appointed Data Processors involved in the processing operations via the Website is constantly updated and is available upon request by sending a notification to the email address RDM-GDPR@rdmgroup.com .

Personal data collected using cookies will not be transferred to third parties and will only be processed within the European Union. Where it is necessary to transfer data outside of the European Union, RDM will take care to make such transfers only in the presence of adequate guarantees pursuant to Article 46 et seq. of the GDPR.

Data collected using Google, LinkedIn and YouTube cookies, may be transferred from such third parties outside of the European Union, especially to the United States of America, in accordance with the Privacy Legislation. In each case, for more information, please visit the related cookie policies of Google, LinkedIn and YouTube.

Data collected using cookies will not be disseminated.

User Rights

Users are always entitled to the right of access to personal data, to request corrections, update if incomplete, incorrect or gathered in breach of the law, erasure and revoke, at any time, the consent given or to object to, or limit, their processing for legitimate reasons.

Except in the case where processing is necessary, Users also have the right to receive (or transmit directly to another data controller) personal data that concern them in a structured format, of common use and readable by automatic device, and request the erasure and/or destruction of said data.

To exercise their rights, Users can contact RDM by sending a registered letter with return receipt to the address indicated below or an email to RDM-GDPR@rdmgroup.com and to the DPO at: dataprotectionofficer@rdmgroup.com .

In order to facilitate the exercise of the right to lodge a complaint, the name and contact details of the European Union Supervisory Authorities are available at the following link: https://ec.europa.eu/justice/article-29/structure/data-protection-authorities/index_en.htm
